

## COMPLETE FOUNTAIN FNS-200

### Description

Complete fountain kit ideal for district and smart decoration. The kit includes all the necessary fountain units to form a complete fountain ready for operation. It is structured on a rectangular-shaped base equipped with two light units and one fountain nozzle. The base is made of stainless steel, AISI-316. Special legs installed on the base are adjusting the height of the fountain kit. The fountain nozzle can be selected from a number of different nozzles. All of them produce unique water effects illuminated by two lights. Stainless steel submersible pump, control panel and cable are provided.
